

Inspire Barber College

At Inspire Barber College our mission is to provide students with a quality education that will encourage confidence and create freedom in the art and science of barbering. We at Inspire provides outlets and a safe haven for

many teens whom had no or limited extracurricular activities, especially ones that would develop into a potentially lucrative career

It is the vision of Inspire Barber College to provide the community with a positive, professional atmosphere for barber training, career development and client services.

Inspire prides itself in mentoring and promoting life skills which provides students with a better alternative than the streets. Inspire seeks to help those recently released from jail successfully re-enter into society with positive outlooks. Professional training helps gain necessary job skills to begin a career upon their graduation, despite having a criminal background.

INSPIRE BARBER COLLEGE

**TRANSFORMING LIVES THROUGH THE ART AND
SCIENCE OF BARBERING**

GROOMING FOR SUCCESS

The college curriculum includes training and mentoring in completing resumes, job applications, interview preparation, professional attitudes and appearance guidelines.

Inspire will also teach money management, marketing, business planning and customer service. These trainings will provide clientele building and retention in the work force.

OPPORTUNITIES

Graduates who become licensed as Barbers have some of the following career opportunities available:

- Platform Artist/Designer
- TV/Motion Picture Hairstylist
- Image Counselor
- Hair Colorist
- Fashion Photography Stylist
- Photo Shoot Barber
- Product Representative
- Instructor
- State Board Member/Inspector

METHODS

The Barber course consist of 9 months of barbering education or 24 weeks of a full time accelerated class. The first portion of education is devoted to classroom theory and practical learning. There students will acquire principals, technical information and professional practices. The second portion of education is spent in clinic floor areas where students will gain handson experiences. The clinic floor provides students with the opportunity to put their barbering skills into practices as they work on paying clients under the supervision of an instructor.
